

AIRBUS

ACJ TwoTwenty

A more residential perspective.

A different scale of private aviation. Six living areas provide scope for a residential cabin, bringing meeting, dining, entertainment and rest into separate spaces.

5,650 nm

MODEL MAXIMUM RANGE

Up to 18

MODEL PASSENGERS

ASKING PRICE

MODEL REFERENCE EDITION. Online photographs are not verified photographs of the specific aircraft offered. Request the individual year, serial number, hours, equipment, photographs and maintenance records before making a purchase decision.

THE CABIN PERSPECTIVE

Space, considered.

The ACJ TwoTwenty offers a larger residential-style canvas, with six living zones. Exact room allocation, bedroom, shower, meeting and entertainment equipment depend on the completed cabin and must be documented for the offered aircraft.

Cabin length	23.8 m
Cabin width	3.3 m
Cabin height	2.1 m
Cabin floor area	73 square metres
Cabin volume	146 cubic metres
Living zones	Six

Dimensions follow manufacturer definitions and may include different areas or measurement conventions. Confirm the completed aircraft floorplan, measured clearances and installed equipment; depicted options are not a promise of inclusion.

PERFORMANCE & SYSTEMS

The detail behind the decision.

Published model data. Use these figures to inform a conversation, not to dispatch a flight or establish the condition of an individual aircraft.

Published maximum range	5,650 nautical miles
Model passenger capacity	Up to 18
Maximum cruise altitude	41,000 ft / 12,500 m
Exterior length	35.0 m
Wingspan	35.10 m
Exterior height	11.5 m
Maximum takeoff weight	Up to 63,730 kg
Engine family	Pratt & Whitney PW1500G
Passenger capacity in launch reference	Up to 18

How to read these figures

Published range is a model reference, not a guaranteed route capability. Airbus brochure nominal range conditions use eight passengers. Additional fuel tank and cabin configurations affect weight, payload and performance.

Maximum passenger capacity and maximum range are separate measures and may not be achieved together. Always confirm the current aircraft flight manual, approved configuration and operating limitations with qualified specialists.

YOUR ACQUISITION FILE

Know the aircraft. Not just the model.

Review the cabin completion specification in depth. Confirm the completion provider, weight-and-balance data, installed additional fuel tanks and how the intended operation affects crew and support requirements.

Before a purchase decision

Identity & title

Obtain the registration, manufacturer serial number, year, seller authority and independent title / lien checks.

Condition & maintenance

Review airframe hours and cycles, complete engine / APU records, maintenance due, damage / repair history and programme transfer terms.

Cabin & capability

Confirm the signed equipment list, floorplan, connectivity subscriptions, baggage provision and an aircraft-specific mission assessment.

Inspection & completion

Arrange independent technical and legal advice, pre-purchase inspection, agreement and escrow arrangements, insurance, registration and relevant import / export checks.
